

# BACKACHE, LUMBAGO AND RHEUMATIC TROUBLES.

Dear Mr. Editor—I wish to state that I suffered greatly from backache, lumbago and rheumatic troubles. I used "Anuric," the latest discovery of Doctor Pierce for backache and kidney troubles, and I can cheerfully recommend the "Anuric Tablets" to anyone suffering from any of these maladies.

Yours truly,  
J. F. GARDNER.  
Leon, Iowa.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of arthritic or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus, "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia. Send 10 cents for large trial package.

"Anuric" is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proved reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

### Clears Complexion

Don't worry about skin troubles. You can have a clear, clean complexion by using a Zemo cream, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

# CAN'T STOP DIAZ

U. S. Passively Favorable to New Revolt, Is Version.

Predict Church Party Will Cause Carranza Downfall.

Washington, April 14.—The report has spread through underground official channels here that the United States is passively favorable to the Felix Diaz revolution against General Carranza.

No agency of this government, it was said, has taken official cognizance of the statement by W. E. D. Stokes of New York, published Wednesday that he is the representative in the United States of General Diaz. At the state department it was declared any action would have to be taken by the department of justice.

At the latter department it was said it would act only if someone should attempt to fit out a military expedition in this country or if an effort should be made to ship arms and ammunition into Mexico for revolutionary purposes.

We cannot interfere with the financing of such movements," it was said at the department of justice. "As much money may be furnished Diaz as he needs by Americans or his other representatives in the United States."

How He Gets Munitions. It was stated General Diaz probably received his munitions of war through Guatemala and that shipments to be made to him in the future would likely be landed in that country, which adjoins the state of Chiapas, in which he is operating.

The United States, it was said, has not interfered with any shipments of arms or supplies to Guatemala and will not interfere unless it should be proved that such shipment was a subterfuge and that the arms and ammunition were destined to support a revolutionary undertaking.

There is a feeling at the department of justice, said to have been inspired by an intimation from the state department, that this government is "passively sympathetic" toward the Diaz revolution and this sentiment was explained on the ground that this government fears General Carranza may not be able to pacify his country because of the hostility of the church element and of the landed proprietors. They are said to be giving their support to General Diaz.

## EDUCATIONAL DAY

It Is Being Observed in All the Schools of Kansas.

School problems were discussed today in 8,815 school districts in Kansas. The day was officially proclaimed "Educational day" by Governor Capper and an effort has been made by the officials in the office of the state superintendent of instruction to have up-to-date methods and ideas in education adopted by the school boards in all rural districts and third class cities in the state. These boards were concerned with adopting a program for the next school year.

Longer terms, earlier beginning, better facilities for teaching agriculture and domestic science and co-operation with the home are some of the problems that were discussed in many places.

In his proclamation for "Educational day," Governor Capper urged all school districts to organize their educational program along the lines of the best professional thought and in harmony with the democratic principles underlying state education.

## J. B. WALKER TO TOPEKA

Sioux City Newspaper Man in Charge of Pelletier Store.

J. B. Walker, a former Sioux City newspaper man, has arrived in Topeka to assume general management as executive head of the Pelletier store. Mr. Walker is vice president of the Pelletier company and has been connected with the Sioux City store for a number of years. For several years he was in newspaper work as a member of the staff of the Sioux City Journal. Mr. Walker's family accompanied him and they will make their home at 1112 1/2 Topeka avenue. Mrs. Walker is a daughter of Mr. Pelletier.

However, Frank M. Pelletier, president of the company, who has spent considerable time during the winter in this city, will continue to divide his attention between Topeka and Sioux City.

## 25 Years Ago in Topeka

From the columns of THE STATE JOURNAL

April 14, 1891.

Senator Ingalls is earning his bread by the sweat of several hired men's brows.

The wearers of the yellow and blue, Ann Arbor's colors, will doubtless turn out in force at the Grand opera house Thursday night. The University of Michigan five club will give a concert, clad in the classical black mortar-board caps and gowns.

W. R. Parsons of Baker university, is visiting his brother on College Hill for a few days.

General Manager A. A. Robinson of the Santa Fe, will leave tomorrow for his semi-annual trip to Guaymas, Mexico. He expects to be gone about 10 days.

Dr. Funk left today for his ranch in Arizona. He will travel all summer through the west. He has not made up his mind whether he will reside in the future in Topeka or not.

## SUES HARRY THAW

St. Louis Woman Claims He Married Her in 1902.

She Asks Divorce and Custody of Kidnaped Child.

St. Louis, April 14.—Another wife of Harry Thaw, who shot Stanford White, has come to light in the courts. She brought suit for divorce against him, her name appearing in the legal papers as Mrs. Christina Thaw. She keeps a candy store in St. Louis.

In the petition filed by her lawyer, Verne G. Lacey, she asks for maintenance and for the custody of her child, named Lady Gwendolin Clemons, whom she says Thaw married her in Buffalo, N. Y., on October 4, 1902, under the name of Harry Kendall Thaw Clemons.

A month after the baby was born she says Thaw took the child away from her and she has not seen it since. The lawyer who brings this suit is a reputable member of the bar here. It happens that Evelyn Nesbit Thaw, whom Harry Thaw is now suing for divorce, is in town just now, fulfilling a theatrical engagement. Nevertheless, the suit is not regarded as a press agent "stunt" for her. Her deposition will be taken today. Evelyn says she never heard of the plaintiff.

Thaw in Florida. Harry Thaw himself is said to be in Florida, at an address unreachable by telephone or telegraph.

Lawyer Lacey, who is making more or less of a mystery of his client, says she is a native of Alton, Ill., and that she has supported herself by her own efforts in St. Louis for the last 12 years.

In her petition Mrs. Christina Thaw sets forth that the next day after their marriage by a justice of the peace in Buffalo she and Harry Thaw went to New York. They resided there for a month, she says, and Thaw refused to establish a home. She left him and came to St. Louis on December 2, 1902. She declares their child was born a month later. The plaintiff further avers that Thaw would fly into violent rages and abuse her without just cause. Her attorneys state that after the child was born Thaw's mother and the Countess of Yarmouth visited St. Louis and saw it.

## CENSOR CAFE MEALS

Germany Proclaims Size of Eats Must Be Reduced.

London, April 14.—The imperial German government's order to all German hotel and restaurant keepers, that they must reduce the size of the meals they serve, both as to variety and quantity, will be effective throughout Germany beginning with breakfast tomorrow morning.

The bills of fare will be reduced to the smallest proportions on record and guests will not be permitted to eat more than one item from any single course—and not very much of that. The butter supply, for instance, now is restricted to one-eighth of a pound per person per week. Mighty little sugar is given. Other food supplies are held to corresponding proportions.

Germany is racing toward famine which has been foreseen since last summer by those who knew the truth about the summer harvest, according to Francis Gribble, the British novelist who has just returned to London after a year in the German internment camp at Ruhleben, near Berlin.

"There is no avoiding the conclusion," said Gribble today, "that the state of the German people soon will be much what the state of the Belgian people now would be but for American philanthropists."

The date at which the catastrophe will occur depends upon a good many uncertain factors; but it cannot be long delayed.

The 1915 summer harvest, what there was of it, was both sown and reaped while I was behind the barbed wires at Ruhleben. There was practically no rain from the end of March until the beginning of July."

## MORE PAY FOR 3,500

Standard Oil Company Extends 10 Per Cent Increase at Whiting, Ind.

Chicago, April 14.—The Standard Oil company has given a voluntary wage increase of ten per cent to 3,500 employees at Whiting, Ind. It was announced today. In some departments larger increases have been granted. This is the second time in six months the company has advanced wages at Whiting.

To Recall "Quick Trigger" Sheriff. Tucson, April 14.—Petitions seeking the recall of Sheriff Albert W. Forbes were put in circulation today by a citizens' committee. According to the petitions the killing of James S. Bates is given as one of the reasons for the recall. Two deputy sheriffs and one patrolman are under arrest in connection with the shooting. Previously Forbes is said to have refused to resign as requested by a committee of Democrats headed by Wm. J. Bryan, Jr.
